

THE WENTWORTH CHRISTMAS QUIZ RESULTS

(Winners and Losers)

The losers are all those who didn't enter!*

Those who entered all got a prize, but the main prize winners were as follows:-

1ST PRIZE - Jan Morris, Aviagen
(Unofficial/irrational) - Jan got every single answer wrong! - but we couldn't stop laughing at her answers (see next page). She wins the one million dollars, a T-shirt and a book.

1ST PRIZE - Bill Quinn
(Official/rational) - he got 13 but he was disqualified because he's a Wentworth Associate with inside knowledge!

1ST PRIZES - Jointly Tim van der Hoek, Akzo Nobel, and
(Actual) Jeanette Jones, Glen Dimplex Home Appliances
Puzant Dakessian, Aviagen
- who all got 11 correct answers out of 15 and win a T-shirt and a book

1ST FRENCHMAN - Nicolas Ragot, GSK
- he took several hours to complete it, didn't find it funny at all, and has already booked his Zimbabwean holiday with the million dollars (ho hum!). He got 9 correct answers and wins two-thirds of a T-shirt and a book.

The correct answers, Jan's answers, and the best of the (humourous) rest are all on the next page.

The judge's ruling is final (but arguments are welcome!).

*For Transylvanian legal purposes, we are obliged to offer a prize to those who didn't enter the quiz. Simply email "loser" to mad@wentworthconsultants.com and we will send you your prize.
